

Distributor Checklist

Jersey Central Power & Light

Jersey Central Power & Light's Energy Solutions for Business program helps commercial and industrial customers save energy and reduce utility costs with incentives to purchase and install energy efficient equipment for their facilities. Applications can be submitted by customers or Program Allies.

Do you have a copy of the JCP&L electric bill? _____

A full name and account number are required to start the rebate process.

Does the 'Bill To' or 'Ship To' on your invoice match the account name of the electric bill? _____

What kind of lights/fixtures are being replaced? _____

LED to LED replacements are not eligible at this time.

How tall are the ceilings in the room you are upgrading? _____

High-bay fixtures must be installed >20 feet and Low-bay fixtures must be installed >12 feet to qualify for incentives. Please ask your distributor about alternative fixtures if your ceiling height does not meet this requirement.

How many lights/fixtures are you replacing? _____

How many lights/fixtures are your purchasing? _____

JCP&L offers an incentive for a one for one replacement. If you are replacing with more than one replacement fixture, please request guidance from your distributor on how to proceed.

Are you self-installing or hiring an electrician? _____

If hiring an electrician, please have the company name and contact information available.

Do you plan on installing the new lights/fixtures within the next 30 days?

Yes

No

If you will not be installing your new fixtures in 30 days, what is your timeline for completion? _____

For commercial, industrial efficiency programs, please visit <https://bizsolutions.energysavenj.com/>. First Energy's New Jersey Utility, their parent subsidiaries, employees, affiliates, and agents assume no responsibility for the performance of the equipment or equipment warranty, the quality of the work, labor and/or materials supplied, and/or the acts or omissions of any Program Ally.

Disclaimer: FirstEnergy's New Jersey utility provides a Program Ally listing as a courtesy to customers, but does not approve, recommend, endorse or otherwise promote any Program Ally, vendor, manufacturer, distributor, contractor, or any other provider of products and services that could potentially qualify for FirstEnergy's Energy Efficiency programs. FirstEnergy's utilities and TRC provide this list of independent contractors as a convenience for customers seeking assistance with energy savings-related products and services. Participating contractors are independent and are not affiliated with FirstEnergy, its utilities, or TRC. Customers are solely responsible for dealing directly with contractors in all aspects of their interaction including, but not limited to the definition of the scope of work, costs, contractual terms and conditions, and the level of accuracy required when estimating energy savings.

By participating in these energy efficiency and peak demand reduction programs, customers agree to allow their utility to retain ownership of all Capacity Rights which refers to the demand reduction associated with any energy efficiency and peak demand reduction measure for which incentives were provided by the Company. Your utility will aggregate these energy efficiency demand reduction attributes into the PJM capacity market with proceeds being used to offset the program costs.

Costs of these programs may be recovered through customer rates in accordance with New Jersey law. For a complete list of commercial, industrial, residential, and low-income energy efficiency programs, please visit energysaveNJ.com.

JCP&L's energy efficiency programs are administered by TRC, a third-party implementation specialist that helps homes and businesses save energy.
